Management Commitment

Owner(s):

PART 4: Strategies to Achieve Forest Management Objectives

Specify the forest management strategies that will be employed with respect to the long-term forest management objectives stated in Part 3.

PART 5: Soil Quality Assessment

Enter the total area of the land for each site class category. Do not include hectares that have residential or other non-forestry use, as indicated in Part 2.

Site Class	Good	Medium	Poor	Inoperable*	Nonproductive**	TOTAL
Area (hectares)						

* Inoperable means land which is productive for commercial tree species but its physical nature prevents harvesting by current methods

** Nonproductive means land that is physically incapable of growing commercial tree species
