Instructions for Completing Annual Declaration

No Activity	If there has been No Activity for the reporting period, check this box.										
Harvested Timber	<p>Enter the total area and volume harvested. Volumes may come from MOF Scale Volume Statements. If the volume is not scaled and the timber does not leave the property, the volume reported may be estimated. Commercial thinning is considered harvested timber.</p> <p>Owners do not need to report Harvested Timber when the volume is less than 20 cubic metres, AND is not removed from the property, AND does not result in the creation of an opening 1 hectare or larger.</p> <p>Additionally for selective harvesting, identify if the selective harvest area remains stocked in accordance with the Council Regulation Section 31. Enter the area of selective harvest that remains stocked.</p>										
Destroyed Timber	Enter the area \geq 1 hectare destroyed. Provide the cause, such as bark beetle, other insect attack, root disease, fire, blowdown. NOTE: destroyed areas 1 hectare or greater must be reforested.										
Road Construction	Enter the total length of new roads constructed. Include older roads that have been upgraded or reconstructed. Include in-block roads.										
Road Deactivation	Enter the length of road that has been either permanently deactivated or deconstructed. Refer to Council Regulation for 'deactivated' definition.										
Reforestation	<p>Enter the area of openings reforested during the year.</p> <p>Disturbed areas (areas that have been harvested or destroyed) 1 hectare or greater must be restocked within 5 years and successfully regenerated within 15 years. Restocking and successful regeneration must be reported within the 5 and 15 year reforestation periods.</p> <p>Refer to Council Regulation Section 31 for complete reforestation requirements.</p> <p>A listing of blocks is required if more than 1 block is declared restocked or successfully regenerated - see Block Listing Guidance below.</p> <p style="text-align: center;">Reminder: if you harvested in or before 2019, these areas are now required to be restocked and a declaration of restocking must be made if you have not done so previously. Contact our office if you are not sure if you are up to date on reporting.</p>										
Maps	Maps are REQUIRED as indicated on page 1 of the form.										
Block Listings	A listing of blocks is required for owners who have harvested, restocked, or successfully regenerated more than 1 block during the year.										
	Listing for harvested blocks must include block ID and hectares. Block ID is required for all areas that have discrete boundaries regardless of size	<table border="1" style="margin: auto;"> <thead> <tr> <th style="width: 50%;">Block ID</th> <th style="width: 50%;">hectares</th> </tr> </thead> <tbody> <tr> <td> </td> <td> </td> </tr> <tr> <td> </td> <td> </td> </tr> </tbody> </table>	Block ID	hectares
